CAN LLUCA

On its own private hill on a massive plot of land of 189.000m² a totally new Blakstad project. A stunning villa with its typical features like "sabina" wooden ceilings and with respect to the traditional Ibiza cultural style whilst new technologies, materials and cutting-edge designs are used to create this fantastic brand new home. There are 6 suites each with its own bathroom, large open plan living room and kitchen, with sliding doors opening up to the several terraces around.

The house was built on different heights integrating fully into the landscape and its surroundings. The house is delivered turn-key and partly furnished.
